

BIO - STATEMENT

New York City born; Tatiana Cast is an award-winning multimedia visual artist who creates eye-catching mixed media paintings that make a statement for a greener planet. Her artworks are an exquisite balance between bold colors and the gentle use of repurposed elements including reclaimed paper and wood. Her artwork is part of private and corporate collections worldwide.

In addition to art creation, an important aspect of Tatiana's professional background includes her formal education in business administration and project management. She has worked extensively managing large projects, budgets and teams in the private and non-profit sector and for multi-national corporations across the United States.
